CAPITAL ONE/CoSIDA ACADEMIC ALL-AMERICA HALL OF FAME NOMINATIONS

By Roger Horne, Director of Athletic Communications, Pepperdine University

In the fall of 2012, I nominated Terry Schroeder for the Capital One/CoSIDA Academic All-America Hall of Fame. He ended up being inducted during his first year on the ballot. In an effort to help show other schools how easy it is to nominate their all-time greats, I was asked to put together a little “how-to” sheet. Here’s what I did.

1) As a reminder, Academic All-America Hall of Fame inductees are people that earned Academic All-America status during their college careers (or meet honorary induction standards), graduated with at least a 3.00 GPA, graduated at least 10 years ago, and have “achieved lifetime success in their professional careers and are committed to philanthropic causes in the communities where they reside.”

2) Thankfully, CoSIDA has a page that lists all of a school’s Academic All-Americans: http://cosida.com/media/documents/2012/4/alltime_aaa_individual_byschool_Feb_2012.pdf If you don’t already have a comprehensive list, it’s a great place to start to narrow down prospective candidates.

3) Pepperdine hasn’t had a whole lot of luck accumulating Academic All-Americans over the years. This past spring we only got our 10th entry on the list. Unfortunately, none of them have yet accomplished enough post-college that I felt there would be much sense in nominating them. There are probably a lot of schools out there in a similar situation.

4) Still, I felt it was important to try to get someone from Pepperdine into the Hall of Fame. So I looked at the honorary induction category. The rules state that “honorary designation may be awarded to a former scholar-athlete whose collegiate career pre-dated the Academic All-America program in his/her particular sport.”

6) Jackpot. We’ve had a number of people that were outstanding student-athletes prior to those years that have also gone on to do great things. Terry Schroeder stood out among them: an All-American in men’s water polo, an NCAA-championship winning coach, an iconic figure for USA Water Polo and at the Olympics (both as a player and as a coach) plus a practicing chiropractor. After checking with our registrar to make sure he graduated with a 3.0 GPA, I was off and running.

7) Putting together the nomination itself wasn’t difficult. There are three sections that need to be filled out: College Achievements, Professional Career and Community Service. I was lucky enough to have a bio and news clippings on Terry Schroeder because he had coached here for 20 years, but outside sources like internet searches and USA Water Polo also helped fill in the blanks.
8) I probably didn’t spend a whole lot more time putting together this nomination biography than I do on a typical men’s basketball player bio. I sent what I wrote to Coach Schroeder and got his help with some of the community service items. The nomination was submitted online, and that was it (until I got the call a few months later saying that he was being inducted). What I submitted is at the end of this document.

9) Although he wasn’t an Academic All-American during his playing days, I think Coach Schroeder truly enjoyed and appreciated the honor. The Hall of Fame ceremony is a wonderful event and extremely memorable for those involved. It was great publicity for Pepperdine and it’s a terrific thing to have our school represented. Based on my experience, I highly recommend that other schools think about their possibilities and take a little time to nominate those that are deserving.

Terry Schroeder nomination:

COLLEGE ACHIEVEMENTS

Academics: Graduated magna cum laude ... Earned a $2,000 NCAA Postgraduate Scholarship in 1981 ... Pepperdine Dean’s List ... Selected for “Who’s Who in America’s Colleges” three times (1978, 1979, 1980) ... 1976-77 recipient of the President’s Award for Academic Achievement.
